Ahmet Gazi Madrasa, built in 1375, which is located within Beçin Fortress Archaeological Site under the responsibility of Milas Museum Directorate and which is the only structure which inscription has still exist at Beçin is re-functioned by restoration and has started to serve as Milas Stone Artifacts Museum. The Museum consists of 9 rooms, 2 corridors and 1 yard. 35 stone artifacts are exhibited within the Museum. The exhibited stone artifacts are chronologically classified by separating them as Period of Principalities and Ottoman Period. Besides the stone artifacts, ethnographic artifacts of education and burial traditions are exhibited in the museum which is a madrasa building.

Besides the exhibition of artifacts, a cinevision room, miniatures of Anatolian madrasa samples, animation room is included within the museum. The grave of Ahmet Gazi, constructor of the madrasa, and a grave of unknown person are present within the main iwan of the single story madrasa having an open yard and two iwans.
